

Kirchner Impact Foundation (KIF), is a non-profit organization that serves as one of the “returning” arms of Kirchner Group. KIF harnesses the positive power of enterprise to make a difference in addressing some of the most important issues of today and reflects our belief that all businesses should contribute to a positive human future.

KIF promotes capital efficiency and sustainable enterprises through the Kirchner Impact Model. KIF activities aim to generate a measurable, social and/or environmental benefit, primarily across four sectors: Agriculture/Food, Health/Life Science, Energy/Resources and Education.

Our ‘IMPACT MODEL’ includes three integrated components of contribution: ‘HEAD’ (we share the benefit of decades of creating solutions and building enterprises), ‘HIP’ (we provide essential financial resources), and ‘HEART’ (we have an unwavering commitment to successful execution, supported by the passion and desire to make a difference).

**Kirchner Food Fellowship** provides capital and unprecedented hands on training in deployment of capital for university students including assembly of investment teams, applying a problem-based learning and solutions model along with a unique process and domain approach.

Products made with moringa, one of the most nutrient-rich plants on the planet.
